

Course name: Practical App CS I
 Course Code: CSC201
 Lecturer: Dr. Ahmed ElShafee

Exam number: _____
 Exam Date: July /2014
 Time Allowed: 60 minutes

Name:
 ID:

Total
/20

For the following GUI Calculator program

Consider the following code written in main form class initialization

```

private double total1=0;
private double total2=0;
private char math_operator=' ';
  
```

1. Write a code for button labeled '1' that adds char '1' to jTextField1

```
String text=jTextField1.getText()+jButton1.getText();  
jTextField1.setText(text);
```

2. Write a code for button labeled 'clr' that clears textField1

```
total2=0;
total1=0;
jTextField1.setText("");
math_operator=' ';
```
